FIAP Definition of the black and white photography (monochrome)

A black and white work fitting from the very dark grey (black) to the very clear grey (white) is a monochrome work with the various shades of grey.

A black and white work toned entirely in a single colour will remain a monochrome work able to stand in the black and white category; such a work can be reproduced in black and white in the catalogue of a salon under FIAP Patronage.

On the other hand a black and white work modified by a partial toning or by the addition of one colour becomes a colour work (polychrome) to stand in the colour category; such a work requires colour reproduction in the catalogue of a salon under FIAP Patronage.

PSA Monochrome Definition for PID and PPD monochrome

An image is considered to be Monochrome only if it gives the impression of having no color (i.e. contains only shades of gray which can include pure black and pure white) OR it gives the impression

of being a grayscale image that has been toned in one color across the entire image. (For example by Sepia, red, gold, etc.)

A grayscale or multi-colored image modified or giving the impression of having been modified by partial toning, multi toning or by the inclusion of spot coloring does not meet the definition of monochrome and shall be classified as a Color Work.

Monochrome images may not be entered in PID Color sections.

All entries shall conform to the stricter of these definitions for acceptances to be validated by all the International Organizations granting recognition or patronage.

NOTE:

"With the sole act of submitting his/her images or files to a salon under FIAP Patronage, the entrant accepts without exception and with no objection that the submitted images can be investigated by FIAP to establish if these obey to FIAP regulations and definitions even if the entrant is not a member of FIAP; that FIAP will use any means at its disposal for this undertaking; that any refusal to cooperate with FIAP or any refusal to submit the original files as captured by the camera, or failure to provide sufficient evidence, will be sanctioned by FIAP and that in case of sanctions following the non compliance with FIAP regulations, the name of the entrant will be released in any form useful to inform the breaches of the rules. It is recommended to leave the EXIF data in the submitted files intact in order to ease eventual investigations."

Licence agreement:

By submitting an entry, the entrant certifies legal Age, and own all rights to these images, including copyright or parents or guardians gives permission on his/her behalf if he/she is not of Legal Age. The exhibition assumes no liability for any misuse of copyright.
